From Inspiration to Reality
Take your project from inspiration to reality in 4 easy steps. Planning and installing a new kitchen is simple with our guided approach, with results that will always impress.

MAKE IT YOURS
GET IT DONE
Measure
A perfect design starts with perfect measurements. Use our guided tools to take all the required measurements and note the placement of fixed items, such as plumbing and outlets.

Plan
You can easily create your own design using our 3D planning tool in a few simple steps. See your design come to life in detail, complete with an automatically generated shopping list and prices.

Deliver
Take it home today! Many Eurostyle cabinets and door styles are already in stock at your local Home Depot. And if your order is not available in-stock, it will be shipped to you in no time, using our quick-ship program.

Assemble
Eurostyle cabinetry comes 80% pre-assembled, since the cams and dowels are already in place. Whether you install your cabinets yourself or use installation services, you’ll save both time and money with Eurostyle’s ease of assembly.

Stylish, made-to-measure, and easy to install!
You don’t have to be a construction expert to design your Eurostyle project. It’s easy to carry out your ideas by following our guides.

Plan your kitchen or bathroom with ease using the 3D Planning Tool.

You don’t have to be a construction expert to design your Eurostyle project. It’s easy to carry out your ideas by following our guides.

Quickly and efficiently recreate your home layout and design your new kitchen using our 3D Planning Tool.

See everything take shape in just a few simple steps, allowing you to visualize your kitchen complete with door styles, finishing touches and even matching appliances.

Take your design further by following our online tutorials and become an expert in no time.
Choose from a wide variety of sizes and configurations

The Eurostyle collection offers a great variety of configurations for base, wall and tall cabinets, available in-stock and through special order.

The 3D Planning Tool is available online and in-store to help you design and compose your kitchen. Choose from over 600 configurations that best suit your taste and room dimensions and let your imagination do the rest.

CABINETS ARE AVAILABLE IN:

1. Made To Last
   Made of 3/4 in. melamine with a resistant finish, reinforced at the back with two cross-braces.

2. Soft-Close Mechanism
   Metal drawers feature European technology allowing them to open fully and close softly and noiselessly.

3. Opens Wide
   Easily access your pots and pans and canned goods thanks to door hinges that open 125°.

4. Store Heavy Goods
   Go ahead, stock your cupboards—the shelves and drawers in your Eurostyle cabinets can handle an impressive load.

5. Level Up
   Adjustable legs for easy installation on uneven floors. Each leg can support up to 150 lbs, perfect for granite counters!

Save time and energy
The mounting hardware is already installed—we’ve done 80% of the assembly for you!

About the materials

**BIRCH**
Birch wood is warm, beautiful and durable. It complements any style, from country to contemporary and looks great when paired with accessories and mouldings.

**THERMO**
Thermofoils mimic the look of lacquered wood in a convenient and easy to care for package. Durable and stylish, this is an affordable solution that delivers big.

**MELAMINE**
Melamine is a very resilient and easy to clean surface that goes far beyond its humble beginnings. From rich textured finishes to wood-grain looks, melamine can do it all, and do it great.

**ACRYLIC**
Dressed to impress, acrylic is a high-gloss finish that is bound to add spice to your kitchen. Paired with tactile textures and matching hardware, this sleek, durable material is both urban and modern.

Made with care in Canada

Eurostyle cabinets are proudly made in Canada by Fabritec, a company that is committed to delivering quality products and ensuring customer satisfaction.

The high quality of materials used to make the Eurostyle product line allows us to offer you a 25-year limited warranty on your cabinets.

Our cabinets are known for their styling, durability and careful finishing. We are proud of our reputation and we are committed to maintaining it. We are always developing new products in line with the latest design trends, in order to meet and anticipate an always-evolving demand. We maintain the highest standards at each phase of production, from manufacturing to packaging and delivery, and our factories are equipped with the most advanced automation processes in Canada.

Fabritec is a future-oriented company, which means we make environmental responsibility a top priority. We have launched initiatives focused on using new packaging materials, reducing harmful emissions, and using wood sourced from responsibly managed forests.
